Perfect fit - size chart

How to check the right size of your Micro Crampons

The right size of your Micro Crampons does not only depend on your shoe size! To ensure a perfect grip on the shoe and therefore an unrestricted use it is also necessary to check the dimension and the structure of the shoe itself.

How to determine your size quickly and easy, we show you here:

Standard size code:

Art. Nr.	Color	EAN13	Weight/ pair	Size	Shoe size	
					EUR	USA
10220	●	9009635002831	320 g	M	35 - 39	5 - 7
10230	●	9009635002848	330 g	L	40 - 43	8 - 9.5
10240	●	9009635002855	350 g	XL	44 - 48	10 - 13

Standard sizes optimized for lightweight boots.

Due to the different shoe assemblies and fit variants / brands, we have developed the table below for absolute fit so that you can be sure that your Micro Crampon fits and holds perfectly on your individual shoe.

step 1

Check the dimension of your shoes, by taking the measures L and C:

L = Length of the shoe, measured at the sole

C = Circumference of the shoe, measured at the top 1/4 of the shoe

step 2

Choose the right size of your Micro Crampons from this table;
horizontal: circumference (C) - vertical: length (L)

C - Circumference (cm)

	24	24,5	25	25,5	26	26,5	27	27,5	28	28,5	29	29,5	30	30,5	31	31,5	32	32,5	33

Cinghia di regolazione micro-rampone CREST CREST micro-crampon adjustment webbing

1

Svitare i due bulloni che fissano il carter di protezione della cinghia usando la chiave a brugola in dotazione. La rimozione del carter è necessaria per liberare la cinghia per essere regolata. Unscrew the two screws securing the belt guard using the supplied allen key. Removing the guard is necessary to free the webbing for adjustment.

3

Per aumentare il passo (lunghezza) del micro rampone, la cinghia deve essere allungata; al contrario, per ridurlo, la cinghia va accorciata. To increase the stride (length) of the micro crampon, lengthen the webbing; to reduce it, shorten the webbing.

2

Per regolare la lunghezza, sfilare la cinghia dalla piastra ramponata: To adjust the length, remove the webbing from the crampon plate:

4

Riposizionare la fettuccia come in origine per bloccarla (operazione inversa al punto 2): Reposition the webbing as originally to fix it again (reverse operation to point 2):

5

Fissare nuovamente il carter di protezione e avvitare i due bulloni con i relativi dadi: Fix again the protective guard and screw in the two bolts with their nuts:
